

## MODULARITY AND DESIGN

The MoDe fully automatic coffee machine packs the latest Egro technology into a compact design. High performance, reliability and versatility are combined in a sleek design with ergonomic solutions to improve operators' work and speed up service. MoDe's touchscreen interface has been developed to customise each recipe on the menu with a few simple steps and to facilitate customer interaction when working in self-service mode. Designed for all establishments with medium consumption, MoDe is the ideal solution for those who want a quality cafeteria menu with coffee drinks, fresh milk and instant products. Configurable with different milk systems and fridges, add-ons, payment systems and optional extras, MoDe can cater for every need.

### HIGHLIGHTS

#### 7" HD TOUCHSCREEN

Select your drink, navigate through the setting menus and upload video images to customise your touchscreen. It only takes a few taps to complete each operation.

#### EASY MAINTENANCE

The internal components are grouped into modules according to their function in order to facilitate ordinary maintenance operations and speed up service interventions.

#### COMPACT DESIGN

High-quality components, a built-in hoppers and other space-saving solutions provide you with maximum technology in minimum space.
