

CK100

Single Tank Conveyor Crate Washer

W 1800mm x D 875mm x H 1445mm

Washtech crate washers are designed and constructed with a wide range of customisable system accessories to optimise the productivity of the busiest washrooms.

Washtech's CK100 is a fully automatic conveyor warewasher with a 610mm rack/crate path through a powerful wash module including a final rinse zone. Configured to meet the requirements of each customer, the CK100 is a powerful crate washer that with the right system accessories can provide a versatile and highly productive wash solution. Capable of washing 100 standard rack equivalents per hour, the CK100 is the perfect warewasher for busy produce suppliers and factories.

Since 1981 Washtech dishwashers have been constructed from heavy duty stainless steel, and are engineered specifically for the unique local conditions and regulations. Backed by the most extensive service network and spare parts inventory in the region, your Washtech CK100 will not let you down.
