

EF-C-MX3TS7-C Blast Chill only Refrigeration System

Standard Features

- Control panel, electrical box, evaporator block and air deflector
- 7" ergonomic touch screen with large keys for ease of use
- User friendly operation with easy to use functions:
 - Hard or soft chill mode
 - Easy switch to probe or timer mode
 - Self Adaptive intelligent chilling mode
- Auxiliary functions: ice cream hardening, ventilated drying, multiple timers, customisable multiple phases, raw fish sanitation
- 40 program cycles with favourites key – shortcuts to last 9 programs used
- Pre-chilling cycle key to maximise efficiency
- Automatic hold mode after each cycle
- Manual defrosting with automatic control of time
- Multi-point core temperature probe
- Timer mode or continuous run
- Automatic fan stop when opening the door
- Pre-wired electrical box with connection terminal
- Fixing of the evaporator on a vertical wall
- Supply of accessories for fixing the evaporator on a vertical wall (isothermal panels), with injected polyurethane foam. For other panel types please advise for specific fittings
- ** All external panels to be supplied by others **
- Assembly required

Please refer to Moffat price list for options and accessories

Technical data

Recommended internal room dimensions	W 900mm x D 1120mm x H 1885mm
Load Capacity	240kg chill
Electrical Connections	3P+N+E, 400-415V, 50/60Hz, 20A, 6.8kW
Waste	Provide for a water runoff & trap
Nett weight	145kg
De-icing waste runoff tray and pipework not included, to be supplied by panel installer	
Remote condensing unit version (remote condensing unit not included)	
Remote condensing unit requirements based on dimensions listed above - Refrigerant type R452A	
Condensing capacity upright Blast Chiller 10.2kW / 16kW / 22kW for the respective evaporation temperatures of -20/-10/0°C	
Remote condensing unit with pump down control	

* Note – Load capacities may vary depending on the thermal conductivity of the food being chilled, the thickness of product and container used
