- Rounded angles and corners for easy cleaning
- High density insulated panels with PVC coating
- Tropicalised refrigeration units
- Internal bump bars in stainless steel
- Fitted with interior light as standard
- Supplied in kit form - requires assembly

PK2-68W

From yeasted products to traditional sourdoughs, retarder provers are an essential element to high quality bakery applications. Manufactured in France to meet the expectation of a wide range of bakery operators, the Pani Clima range of retarder provers is designed to provide simple, consistent results from one day to the next. A simple and intuitive multi-stage controller allows the individual baker to customize his program to achieve the final baked result he and his customers desire. Available in a range of standard sizes as well as custom built options, Pani Clima has a solution to fit within the available space in your bakery.

PK1-68, PM1-68 PK2-68W, PK3-68W, PK4-68WS Retarder Prover - Roll in

Model	Dimensions (mm)			Door Configuration
	Width	Depth	Height	
PK1-68	950	905	2585	-
