

ADJUSTABLE ULTRARAPID ELECTRIC SALAMANDER

QSE60, QSET60

- 4kW
- Self balancing adjustable grill height
- 1/1 GN pan compatible
- Infrared tungsten heating elements protected by a glass ceramic plate
- Ultra quick heating – 20 seconds to reach maximum temperature from ignition, max 5 seconds in operation
- Energy saving with ultra quick heating from idle
- Two independent cooking areas
- Large view digital display for timer countdown and easy to use control for time and cooking zone selection
- Perfect cooking uniformity with deflector and centering of the cooking plate under the heating elements
- Minimum heat dispersion - hot air is released towards the back reducing the temperature within the operating areas
- Insulated external surfaces and handle for operator safety
- Open on 3 sides allowing easy loading
- Wall mounting bracket option
- Easy clean

E90QT - Contact version

- Enhanced energy saving with pan detection bar for automatic switching on and off

QSE60

Overall Construction

- Stainless steel exterior
- Infrared heating elements
- Removable drip tray
- Chrome plated grids
- Heat resistant handle
- Rounded corners for easy cleaning
